MARY ALICE KNOX, A.B.

This historic school, established by Mrs. Emma Willard in 1814, conducted by her son and daughter from 1838 to 1872, and from 1872 to 1895 as a day school by Miss Emily T. Wilcox, is now open to both boarding and day pupils, and is under the charge of Miss Mary Alice Knox, A.B., formerly a Professor in Wellesley College.

The school is thoroughly reorganized and conforms to the most modern standards and methods of work, thus affording to pupils from Troy and from abroad the best facilities for education.

During the past year additions have been made to the library and to the science apparatus, and further additions will be made in the year to come.

The school has an exceptional equipment in its three new buildings, which afford unexcelled accommodations both for work and home.

The Gurley Memorial Hall, a granite building with brown stone trimmings, contains the assembly room, class rooms, laboratories, library, office, etc.

The Anna M. Plum Hall contains the studios and offices for the departments of Music and Art; also an organ room with a fine pipe organ.

The Russell Sage Hall is used entirely as a home for the members of the faculty and the pupils of the boarding department. It is commodious and beautiful in all its appointments.

The 83rd year opens September twenty-third, 1896.

Thorough English and Classical Educational Department.

107 FIRST STREET.

MADAME MARIE GODINI, Principal.

CHEVALIER DON AURELIO CERUELOS, Director.

HARRY R. GREEN, Secretary.

The building is large and commodious, easy of access, and is fitted with dormitory facilities for students of either branches who desire to reside in the artistic atmosphere of the institution. A large library of both departments is accessible to students at all times.

The school in both departments is equipped with a corps of efficient teachers, who are prepared to give instruction of the best in each course.

The course of study in each department is divided into four general divisions, viz., Elementary, Preparatory, Intermediate and Advanced.

The methods of Instruction in Music are of the most advanced used in European conservatories, and in the Educational Department of the highest order, fitting pupils for the noblest walks in life.

It has now become a necessity in following a complete course of vocal music to study one or more modern languages, particularly in the study of opera, both Italian and German. This school, therefore, is prepared to offer the best methods for acquiring a perfect accent and pronunciation of the languages.

The Art Department is roomy and well lighted, fully equipped for the study of Drawing, Modeling, Painting in all its branches, Needlework, &c., under the capable direction of MRS. MATTIE MCCONIHE.

Free Exhibitions of Works of Art will be given during the season, also Musicales, to which families and friends of the performers have free admission.

Special rates to students taking full course.

Expenses are made as reasonable as possible to all students.

This Company owns the entire water power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the quality, is the cheapest in the country. It is an unfailing power; and during the past few years, while most of the water powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

ALWAYS SHARP SHOD WITH THE NEVERSLIP

ONE TRIAL WILL CONVINCE YOU.

Your horse being **always sharp shod, is ready for work.** His feet are **always** in good condition, and he is **not** constantly at the blacksmith's being sharpened, which ruins his feet, causing great expense and loss of time to you. Remember, once shod with "Neverslips" you can easily put in new Calks when needed **without removing** the shoes.

BE SURE your horse-shoer has "Neverslips" on hand; have him SHOE WITH NO OTHER. Send your address for descriptive circular with full information, MAILED FREE.

MARY ALICE KNOX, A.B.

This historic school, established by Mrs. Emma Willard in 1814, conducted by her son and daughter from 1838 to 1872, and from 1872 to 1895 as a day school by Miss Emily T. Wilcox, is now open to both boarding and day pupils, and is under the charge of Miss Mary Alice Knox, A.B., formerly a Professor in Wellesley College.

The school is thoroughly reorganized and conforms to the most modern standards and methods of work, thus affording to pupils from Troy and from abroad the best facilities for education.

During the past year additions have been made to the library and to the science apparatus, and further additions will be made in the year to come.

The school has an exceptional equipment in its three new buildings, which afford unexcelled accommodations both for work and home.

The Gurley Memorial Hall, a granite building with brown stone trimmings, contains the assembly room, class rooms, laboratories, library, office, etc.

The Anna M. Plum Hall contains the studios and offices for the departments of Music and Art; also an organ room with a fine pipe organ.

The Russell Sage Hall is used entirely as a home for the members of the faculty and the pupils of the boarding department. It is commodious and beautiful in all its appointments.

The 83rd year opens September twenty-third, 1896.

1845. Mutual Benefit Life Insurance Company, 1896.

OF NEWARK, N. J.

A Challenge TO ALL COMPETITORS to produce a better showing than the record of the two following cases of a lifetime's insurance, viz.:

These men were insured for many years, more than the expectation of life, at an average cost far below that of the so called (?) cheap assessment or co-operative plan, and could have surrendered their policies for cash, while living for nearly their face value, or much more than they had paid the company for them, besides having received their benefits of fifty years' protection for their families.

POLICY ISSUED JUNE 5TH, 1845 — LIFE OF WM. HICKOK, AGE 33.

Policy $5,000, annual premium, - -	$ 128.50	Average cost per $1,000 from age 33 to 83, -	$11.29
Total 50 full premiums, - - -	6,425.00	Average ratio of dividends for 50 years, - - - - -	56 5-100 per ct.
Total Dividends, - - - - - -	3,601.81	Cash surrender value, fiftieth year, - -	$3,994.80
Net Cost, - - - - - -	$2,823.19	Or $1,171.61 more than he had paid to the Company.	

A line addressed to the undersigned, giving age (nearest birth-day) will procure a Sample Copy of this Company's Policy, with every option granted by the Company stated in plain figures, for each year.
